ARTISTS TREADING WATER

Defining the Flint Water
Crisis Through Art

Artists Treading Water is a collection of essays and artwork that explores the Flint water crisis through the lens of art. The book features contributions from artists, writers, and scholars, offering a multifaceted view of the crisis and its impact on the community. The essays discuss the role of art in social commentary and the importance of community engagement in the creative process. The artwork includes a variety of media, from traditional painting and sculpture to digital art and performance.
